

TASKI® Jonmaster Pro Window Cloth

Key advantages

- Top-quality, patented microfibre material
- Excellent dust and dirt pick-up properties
- Streak-free & lint-free cleaning

Benefits

- High cloth durability
- Outstanding cleaning performance
- Ideal for stainless steel cleaning

Each Jonmaster Pro Window Cloth is carefully manufactured using the highest quality materials available to guarantee superior cleaning performance. All cloths provide optimal soil pick-up properties for excellent cleaning and hygiene results. The cloths are guaranteed for 500 wash & use cycles provided the instructions of use and laundry instructions specified by Diversey are followed.

The fine fibres of Jonmaster Pro Window Cloth make it easy to pick-up and remove the smallest dust particles, dirt and grease from windows, mirrors and hard, polished surfaces including stainless steel. The Jonmaster Pro Window Cloth cleans streak-free without leaving lint.

Description	Colour	Packaging	SKU Number
Jonmaster Pro Window Cloth	Blue	5 pc	7515023

Usage

When using the Jonmaster Pro Window Cloth, fine fibres create a capillary effect within the cloth that collects and retains dirt and grease from the glass or shiny surface. For these particles to be removed completely the cloth needs to be well- rinsed and laundered.

Caring for your cloth

When using microfibre cloths please wear gloves to protect the skin of the hands.
