

Floor deep cleaner / stripper

Description

Heavy duty stripper, for effective removal of floor polish emulsion and maintenance films from alkali resistant hard floors, as well as an excellent deep cleaner.

Key properties

- Highly alkaline, fast acting
- High wetting and emulsifying power
- Especially formulated for deep cleaning
- Low foaming

Benefits

- Powerful dissolution of heaviest dirt build up as well as tough soil removal
- Comfortable and easy application. An ideal product for multiple tasks
- Quick and effective removal of floor emulsions from alkali-resistant floors such as vinyl, rubber, stone, etc.

Use instructions

Floor stripping:

1. Dose the product into the full water tank/bucket.
2. Apply the solution uniformly.
3. Allow the product to act for 5-10 minutes.
4. Do not allow to dry.
5. Then scrub the floor using a single disc equipped with a suitable pad, wet vacuum the soiled solution and rinse thoroughly 2 times with clean water
6. Allow to dry completely before applying additional coats.

Deep cleaning - Machine cleaning:

1. Dose the product into the full water tank of a single disc machine or scrubber drier.
2. Apply the solution.
3. Scrub and remove the soiled solution.

Deep cleaning - Wet mopping cleaning:

1. Dose the product into the bucket filled with water.
2. Apply the solution.
3. Allow the product to act if necessary.
4. Remove the soiled solution.
5. Rinse the floor with clean water.

Dosage:

TASKI Jontec Radical Plus needs to be diluted.

Dosage deep cleaning: 1% (50 ml for 5L) max 20%.

Dosage stripping: 10% (500 ml for 5L) max 20%.

Proper dosage and temperature save costs and minimize environmental impacts.

TASKI®

Jontec Radical Plus

Appearance:

Technical data

Appearance: Clear, colourless liquid

pH value (neat): > 13.2

pH value (in use): > 12

Relative density (20°C): 1.07 g/cm³

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diverseys.com. Store in original closed containers away from extremes of temperature.

Only for professional users / specialists.

Product compatibility

Do not use on alkali sensitive floorings, e.g. linoleum, cork and raw wood. Do not use on solvent-sensitive floorings, e.g. asphalt.

Immediately remove any solution splashes from alkali-sensitive surfaces (e.g. wooden baseboards, painted/varnished surfaces) with a wet cloth. Test material compatibility before use.

Environmental information

The surfactants used in this product are ultimately biodegradable in compliance with the requirement of the EU Detergent Regulation, EC 648/2004.

Available pack sizes

TASKI Jontec Radical Plus is available in 2x5L.
